FOOD: An essential part of their school day

Educators from the State visited the school, and had very positive feedback!

Thankful Sis dai is teaching art class, but we do need art supplies to continue

I am thrilled to be a part of this wonderful effort! We now have 129 students including an adult woman from the community attending high school! Nursery school has 5, preschool 16, primary 65, secondary 30, and high school 13 students

High School is going really well!

Our goal is to further integrate parents into supporting the education of their children

Basketball Court Update

The vacant lot beside the school is being donated to the City. The Mayor and Administration have been approached to build a basketball court with a roof and lights, similar to the ones in the surrounding communities. They are very supportive and are close to getting the deed resolved and issuing a permit. Several church members have guaranteed the financing, with help from the City. If you would like to contribute please contact Gene at gene@gilluly.com. This facility will become a focal point for the community as well as be used by the school

ECCL Update

We've been working hard planning the upcoming season and we're excited about your return! Our website will be updated monthly and our FB following is growing. Ladies Bible Study will be: Now that Faith has Come by Beth & Melissa Moore... please order your own workbooks. Also, a mixed Bible Study led by Cristian is planned. Everyone is welcome! Helpful items you may want to consider donating are: used hearing aides, reading glasses, shampoo for lice, volleyball/ basketballs, vitamins... we would be very grateful! If you want to donate towards the High School Scholarship Fund please send an email to our secretary at heatherdidi@icloud.com to inform us of the amount to ensure it goes to the correct fund. Again, we appreciate your kind and generous support... without it, this school would not exist!

The Church in La Mata de Sandia is called "Christ is the Lamb Church"... It continues to grow

In the Airport Mission we are planning to build a place of worship. In the Los Posas community mission we are in the process of building a roof with an awning. We feel so blessed to be part of 3 mission church plants!

Wishing our Canadian friends a very blessed and bountiful Thanksgiving
